# Payments for any touchpoint

Meet your customers where they are. **Convenient and secure transactions at your fingertips, online and offline.**

## One app, unlimited potential

### Accept any payment

Accept any payment – bank transfers, mobile, cards, cash and alternative payment methods

### Power any touchpoint

Enable seamless checkouts, online and offline. Collect payments via payment link, QR code, or tap-to-pay on compatible devices

### Streamline business operations

Easily manage transactions with consolidated reporting

## Tap to pay, your way

1 Install the Qwik app on a compatible device

2 Enter amount and ask customers to tap their card to pay

3 Customers can pay by tapping their card

4 Get transaction receipt and send copy to customers

## O2O payment solutions for every business need

### Retail
